**SHELTER TOUR & VISIT**

## SHELTER VISIT & TOUR

Join us for a behind-the-scenes look at the daily operations of our Nadi Clinic animal welfare & veterinary facility. Step into the world of animal rescue, learn about our challenges, what we are doing to help, what you can do to help, and witness the hard work that goes into providing crucial services for our furry friends.

Help us socialise and get puppies or kittens ready for adoption by assisting our team or playing with them in their pens. You may choose to observe a desexing surgery or even help the staff get meals ready and feed our many shelter animals.

## ITINERARY & INCLUSIONS

### 2 hour Shelter Visit & Tour:

- Pick-up from Denarau resorts (if required)
- Pick-up from Nadi & Wailoaloa resorts (if required)
- Arrive at Animals Fiji Nadi Clinic & Shelter
- Tour of veterinary clinic facilities and shelter
- Cuddle, play, walk and spend time with the shelter puppies, kittens, dogs and cats
- Receive your Animals Fiji reusable tote bag
- Depart Animals Fiji to return to your accommodation
- Enroute home stop for a fresh coconut at tour end

## OUR MISSION

To improve the welfare of all animals - domesticated & wildlife - resulting in better lives for both the animal and humans of Fiji, while helping to build a society without animal cruelty.

## WHO WE ARE

Animals Fiji is a registered Fiji and U.S. 501(c)(3) charity with a focus on animal welfare. We currently operate veterinary clinics and welfare services in the Western and Northern Divisions of Fiji (a human population of over 600,000), where owners can seek treatment for their pets, livestock as well as wildlife. We were established in 2011 and have been in operation for over 10 years.

We operate as a welfare agency operating outreach programs and clinics throughout Fiji. One of our clinics in Nadi, also functions as a shelter taking in strays, injured and abused animals, who are treated and re-homed. Our most critical goal is to reduce the epidemic of stray and diseased roaming dog and cat populations that plague villages, towns and rural areas, through de-sexing (spay/neuter) programs.

We ensure basic veterinary services and animal care education are available to as many Fijians as possible. Animals Fiji is funded exclusively through donations and subsidised treatment fees, with **no** financial assistance from the Fijian government.
